

ROAD CLOSURES & TRAFFIC REPORTS

Beginning the week of May 31, 2021

STREET OPERATIONS DEPARTMENT

You can view the sweeping map at:

<https://pocatello.us/DocumentCenter/View/654/>

- **SWEEPING**

- Monday: Northend
- Tuesday: East Side
- Wednesday: Fairway
- Thursday: West Side

- **JETTING STORM DRAIN LINES**

Street Operations will be jetting storm drain lines throughout the city. There may be intermittent lane closures while work is being performed.

- **PATCHING**

Street Operations will be patching potholes and curb lines throughout the city in preparation for upcoming pavement treatments, which may require intermittent lane closures and possible temporary road closures as work is performed.

- **PAVING**

Street Operations crews will be milling and paving West Custer Street, between North Buchanan Avenue and North Lincoln Avenue, on Tuesday and Wednesday, June 1st and 2nd. This will require road closures as work is being performed. Motorists are advised to use alternate routes and expect delays in the work areas.

WATER DEPARTMENT

WATER LINE INSTALL

Starting Tuesday, June 1st, crews from the City of Pocatello Water Department will begin replacing the water main line on Jefferson Avenue. The project will start at the intersection of Jefferson Avenue and East Poplar Street and continue north to Alameda Road. During the project, detours and road closures will occur. Motorists are asked to use alternate routes when possible. Crews will work between the hours of 6:30 a.m. to approximately 6:00 p.m., Monday through Thursday. Access to the construction area will be restricted and sections of the street will be completely closed while workers are digging. However, every effort will be made to provide local access to the area when possible. Parking will also be restricted in the construction

zone and residents are asked to park all vehicles away from the area during the day. At the close of each day, access will be restored to all properties. The work may cause short-term disruptions to water service. Individuals in and around the construction zone are encouraged to keep a supply of drinking water available. Officials ask parents and guardians to warn children about the safety hazard and to have them stay a safe distance from the construction area. The project is anticipated to take six weeks to complete but due to unforeseen circumstances, the work schedule may change. Residents who have questions about this or any Water Department projects can contact department staff at 208-234-6182.

➔ **WATER POLLUTION CONTROL**

JETTING SEWER LINES

Crews will be jetting sewer lines throughout the city. Motorists may experience delays or lane closures while crews are performing the work.
